

Who are we?

Victim Support is the leading independent charity for people affected by crime and traumatic events in England and Wales. We work locally to support people affected by crime and campaign nationally for a world where people get the support they need and the respect they deserve.

What do we do?

Our specially trained staff and volunteers give people the emotional and practical support they need to recover from and cope with the impact of crime.

How do we do it?

Our support is free and confidential and tailored to the clients needs.

Everyone reacts differently to crime and we support anyone affected by crime, not just those who experience it directly, but also their family, friends, colleagues and community.

Thank you
