Dorset Grant Making Trusts

The lovely people at Dorset Community Foundation have been commissioned by Dorset County Council to produce a list of grant making trusts within the County of Dorset. Amongst many of the little known parish funders there are also a number of Bournemouth and County wide funders.

The Trusts can be found here:

BIG Lottery Fund's Policy Direction Consultation

The Cabinet Office has launched a consultation into new proposed policy directions for the BIG Lottery Fund.

The consultation is for the allocation of Big Lottery Funds in England, Isle of Man and UK-wide funding programmes. The proposals in the consultation document are in line with the government's "big society" agenda, which re-emerged in the Conservative party's 2015 manifesto.

The consultation is open for 12 weeks, closing on Friday 12th August. Following the consultation, a final version of policy directions will be issued to the Big Lottery Fund in Autumn 2016.

Balcombe Charitable Trust

The Balcombe Charitable Trust provides grants to charitable organisations undertaking projects in the following areas:

- Education
- Environment
- Health
- Welfare

Funding is at the discretion of the Trustees. Previous grants have been awarded for between £200 and £160,000.

Projects funded in the UK have included the installation of shared kitchens at a hostel for the homeless, welfare advice and support for young people living with HIV, funding for a family support team counsellor in a hospice, the further development of a telephone befriending service for the isolated and elderly along with outreach work to empower and support carers who are otherwise isolated in the community.

Applications should be made in writing to the Trust.

Clara E Burgess Charity

The funding is for projects which will benefit the health and well-being of children and young persons, in particular by the provision of facilities and assistance to enhance the education, health and physical well-being of such children, in order that their conditions of life may be improved, but having particular regard to children under the age of 10 years and those who have lost either one or both parents.

Eligible organisations must be registered UK charities. Eligible expenditure are costs associated with eligible projects.

Applications should be made in writing, providing background details about their charity, the project they want funding for, and a break down of the funding costs. Annual accounts are also required.

Comic Relief - Girls in Gangs Initiative

Comic Relief recently launched its new funding strategy. Its vision of “a just world free from poverty” remains, while its priority areas have changed. Going forwards, Comic Relief’s grants will focus on the following four areas, which will help it best achieve its vision:

- Investing in children and young people to be ready for the future
- Empowering women and girls to be free to lead the lives they choose
- Improving the health and wellbeing of vulnerable and disadvantaged people
- Building stronger communities in areas of disadvantage, deprivation and poverty
- Research and evidence shows that gang-involved girls and young women navigate a range of harmful environments which can expose them to high levels of sexual exploitation and increased criminal activity

The ‘girls in gangs’ initiative has been established to achieve the following outcomes:

- Fewer girls and young women entering harmful and risky gang situations
- Girls and young women, already in gangs, experiencing less harm from violence, abuse and exploitation
- More girls and young women leaving violent, abusive and exploitative gang situations
- Proposals are invited from anywhere in the UK, and from within the cities of Kingston (Jamaica), Bogota (Columbia), Cape Town (South Africa) and Lagos (Nigeria)

Registered organisations, including charitable incorporated organisations, community interest companies limited by guarantee, community benefit societies and housing associations, are eligible to apply for a grant of up to £150,000 for 18 months activity. A further £150,000 for a subsequent 18 month period may be available, and funding for this second phase will be agreed upon after the initial 16 months following first-year reporting and learning from the evaluation.

All projects should incorporate at least one or two of the following types of intervention:

- Taking advantage of specific ‘windows of opportunity’ to access girls and young women at risk of becoming, or already, gang involved
- Family-focused interventions
- Providing effective mentoring
- Ensuring an effective police response
- Making sure gang-affected schools are open to support

Cherries Community Fund

The fund, set up by AFC Bournemouth, will provide financial assistance to projects that help to develop young people and vulnerable groups, or those that promote sport and a healthy lifestyle in Bournemouth. The fund will be financed from the proceeds of the popular Matchday Draw and any other donations the club receives. Groups can put in applications for up to £1000 worth of funding, which will then be judged by a three-man panel, comprising of AFC Bournemouth chairman Jeff Mostyn, head of AFC Bournemouth's Community Sports Trust Steve Cuss and current longest-serving player Marc Pugh.

Funding is available to local community and sports groups and the panel will meet and allocate funds in March, June, September and December of each year with the application deadline set at the end of the prior month, i.e. for the March panel meeting all applications need to be received by the last day of February.

The Cherries Community Fund will look to support projects that assist and develop young people and vulnerable groups that support community involvement and integration, or that promote a sports and/or healthy lifestyle. Any approved projects must commence within one month of funding being received by the group or organisation and be completed within the timeframe specified on the application form. The Panel will not normally support projects with more than a six-month delivery timescale, funds are not to be used for staff costs and the fund will aim to support groups and not normally individuals.

You MUST include your groups' constitution and a suitable referee who can be contacted.
